

Global Specialty Series

Unique Products For Specialized Applications

Global manufactures a full line of Specialty window films for a wide range of applications and unique needs. These include colored, decorative and textured films created to address specific environmental challenges, usually in commercial applications such as privacy, decoration and heat control.

- Colored films available
- Black Out and White Out films offer highest level of privacy
- Matte films are ideal when privacy is desired without blocking light
- Countless application possibilities
- Strong factory backed warranty coverage

Specialty Matte Films

Creates a partial screening effect without blocking light and is available in Silver, Bronze, Grey and White versions.

Specialty White Out

Blocks 85% of light from passing through glass and features a polished white exterior look.

Specialty Black Out

The most popular Global Specialty film. Blocks 100% of the light from passing through glass, providing complete privacy and interior darkening.
