

Assembly Instructions

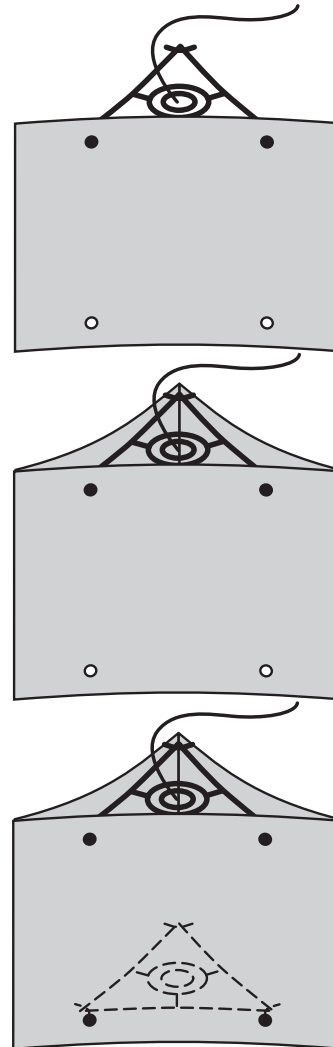

Global Window Films Ceiling Dangler

Your new GWF ceiling dangler has 5 parts (A, B, C, D, & E) displayed in this diagram.

Parts A, B, & C are the colorful message panels - each include 4, pre-drilled holes for inserting the mounting tabs located on the triangular plastic frames.

Parts D & E are the triangular plastic frames.

STEP 1

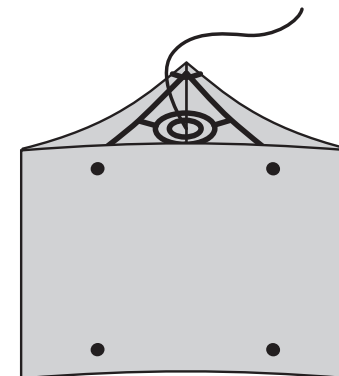

Starting with the triangular plastic frame with the *hanging string* attached - gently push the mounting tabs through the 2 holes at the top of any selected message panel.

STEP 2

Repeat step #1 until the 6 holes at the top of the 3 message panels are affixed to the triangular plastic frame with the *hanging string* attached.

STEP 3

Attach the remaining triangular plastic frame to the 6 holes at the bottom of the 3 message panels.

Your new GWF ceiling dangler is ready to be installed in your office or at remote locations such as auto dealerships.
